

## A Three Year Plan for Reading through the Bible Year Two – Volume 6

How have your times with God been in this New Year as you go to sleep at night? Are you keeping a daily log of each day's readings of His precious Word?

It is so easy to let other things in our lives take the place of sitting at the feet of Jesus. Yes, we have to think about each word that is shared in each reading. We need to see what we can learn and apply to our lives each day. But, this is normal for all of us as Christians.

God does not give us a yearly, monthly, or weekly list of things to do. He speaks to us on a daily basis as we touch base with Him and listen to His voice speak to us through the Bible. His Spirit is available to help us understand His will and to respond to His bidding.

As you prepare for each reading, take just a moment to pray and ask for the Spirit of God to help you grasp the truths for this one day. He is there for YOU!

Some keys in your times with GOD:

1. Pray and seek God's face.
2. Read slowly and do not be concerned about quantity, but about quality of understanding.
3. Look for practical applications.
4. Read the passage in context.
